Subject: Annual Indexation factor for ARR computation and indexation of SOR by BOT operators under Tariff Guidelines, 2019 for BOT operators (previously governed by 2005 Tariff Guidelines) with reference to variation in Wholesale Price Index (WPI).

Sir,

As per Clause 2.8 and 2.12 of the Tariff Guidelines, 2019, the Authority is required to announce the indexation factor considering the Wholesale Price Index (WPI) occurring between between 1 January 2020 and 1 January of the relevant year i.e. 1 January 2021 so as to enable the BOT operators governed under the Tariff Guidelines, 2019 (previously governed by the Tariff Guidelines, 2005) for computation of indexed ARR and to draw the indexed SOR to be applicable during the year 2021-22.

2. The WPI occurring between the relevant dates was ascertained from the Ministry of Commerce & Industry, Government of India. Considering variation in WPI occurring between 1 January 2020 and 1 January 2021, the Authority has approved the following:

- (i). Annual Indexation of 0.55% (at 100% of the WPI variation) for computation of indexed ARR as per Clause 2.8 of the Tariff Guidelines, 2019 for tariff revision proposal filed in the year 2021-2022.

- (ii). Annual Indexation of 0.33% (at 60% of the WPI variation) for indexation of SOR to arrive at the indexed SOR by BOT operators as per Clause 2.12 of the Tariff Guidelines, 2019.

3. The indexed SOR shall be effective from 1 May 2021 and shall be valid till 30 April 2022.

4. The BOT operators may, therefore, take appropriate action accordingly.

5. This issues with the approval of Competent Authority.

Yours faithfully,

Sd/
(Anuradha Sharma)
Director
